Hello,

I filed the claim online yesterday for the rear-end accident on Sunbury. I'm sending the body shop estimate.

Also, I checked 'no injuries' on the form because I felt fine at the scene, but my neck and upper back have been stiff and sore since last night. I went to the urgent care on Morse Rd this morning and they said it's likely whiplash. Is that something that should be added to my claim?

Thank you,
Danielle
