Hi Meridian & Pike Data,

Resending our onboarding request for Shopify orders (US store) under DPA-2001: Shopify, daily refresh, US data, about 1,200,000 records, go-live 11/30/2026. Lawful basis: contract; retention 730 days. Elena Ruiz, Brand Director owns the source.

Fields (source -> CDP, personal?):
- customer_email (STRING) -> email_address, personal
- order_number (STRING) -> order_id, not personal
- total_price (DECIMAL) -> order_total, not personal
- created_at (TIMESTAMP) -> order_timestamp, not personal
- sku (STRING) -> product_sku, not personal
- qty (INTEGER) -> quantity, not personal

Not sure the form went through last week.

Thanks,
Elena Ruiz
